In Spring 2015, Louisiana students in grades three through eight participated in English language arts and mathematics assessments aligned to Louisiana academic content standards. As required by state law (R.S. 17:24.4), these

assessments allow for the comparison of the results of Louisiana students with that of students in other states. The proposed policy revisions update Bulletin 118, *Statewide Assessment Standards and Practices*, to include such adequate test scores (achievement standards) for the assessments administered during the 2014-2015 school year in grades three through eight in English language arts and mathematics. Additional revisions remove outdated provisions throughout the bulletin. In order to expedite the release of student and school assessment results to parents and educators, BESE has exercised the emergency provision in the adoption of these policy revisions.
